

10.23.2015 2<sup>ND</sup> ANNUAL

2015 **WISE**  
WOMEN IN SCIENCE & ENTREPRENEURSHIP  
2015 CONFERENCE

**SPONSORS:**

DULA FOUNDATION

HUSCH BLACKWELL

A unique opportunity for women in the Scientific and Entrepreneurial community to learn, share and network.

**KEYNOTE SPEAKER:**

**Doris A. Taylor, PhD, FAHA, FACC**

DIRECTOR OF REGENERATIVE MEDICINE, TEXAS HEART INSTITUTE

To share the extraordinary promise of regenerative medicine, Dr. Taylor presents her team's groundbreaking lab work which demonstrates the ability to "reseed" the stripped "scaffolds" of unhealthy organs, to grow functional, healthy new ones.

*Imagine—growing a new, perfectly-matched heart, instead of waiting and hoping for a transplant donor!*

**Donald Danforth Plant Science Center**

975 N. WARSON RD., ST. LOUIS, MO 63132

**October 23, 2015, 8 am to 5 pm**
